SERVICE WORKER DISCOUNT

Fees Subject to Change Without Notice

In recognition of the incredible service local police, fire and military members provide our community, Tennessee Reproductive Medicine has initiated new special pricing in their honor. The discount applies to one of the most costly, yet successful treatments associated with building a family.

Single Cycle Standard In Vitro Fertilization (IVF)

Procedure: \$9,000

Includes: monitoring visits, egg retrieval, lab processing, assisted hatching, ICSI, embryo transfer and freezing

Does not include: preliminary testing and early pregnancy monitoring (both usually covered by insurance), medications, anesthesia, and any other additional expenses

Visit our website at www.trmbaby.com to learn more and schedule an appointment!

Proof of employment or service required.
